

Cocktail List 2011

"It warms both the soul and body and is fit to be put in a vessel of diamonds"

This sparkling description of a gin cocktail, taken from James Fennimore Cooper's *'The Spy'*, defines the sheer delight that can be found in a perfectly mixed drink. From long, zesty cocktails filled high with crushed ice, to flutes of delicately fizzing champagne flavoured with a tart quenching fruit, we have an exquisite cocktail to suit every event. This season we have infused some of our cocktails with fresh herbs and chillies and others with a selection of delicious fruits, designed to make your mouth water!
